

Happy childhood z.s.

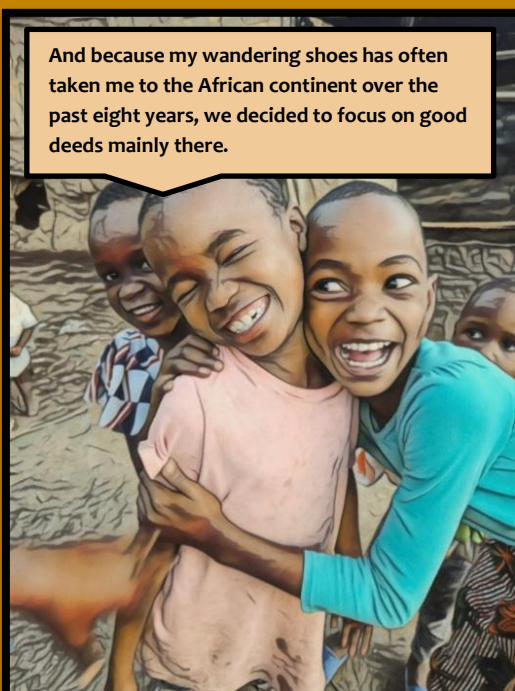

... happy world :)

Annual report 2024/2025

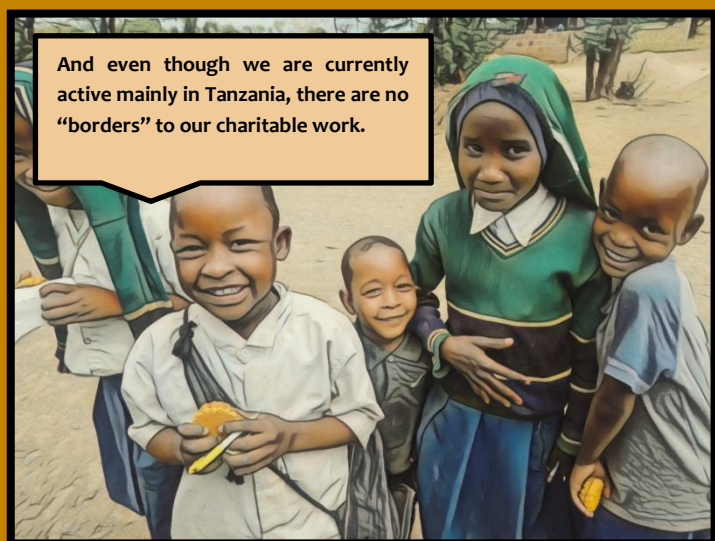

In November 2024, we founded a nongovernmental, nonprofit organization and “officially” set out to work toward a happy childhood for all the children who cross our path.

And because my wandering shoes has often taken me to the African continent over the past eight years, we decided to focus on good deeds mainly there.

Our primary mission is to support children and families living in need and facing difficult living conditions.

And even though we are currently active mainly in Tanzania, there are no “borders” to our charitable work.

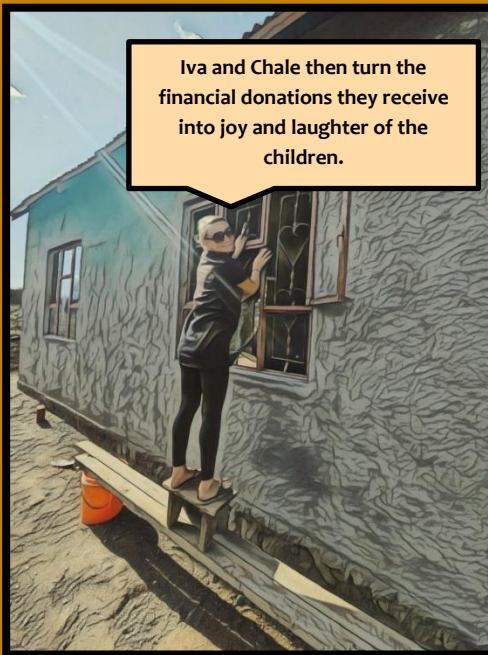

Most of all, we want to see the children smile :).

OUR TEAM

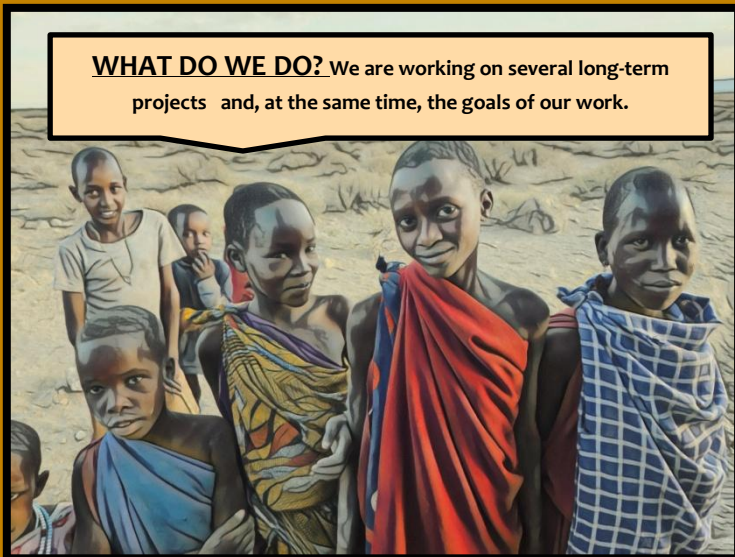

Behind our work stands a whole host of kind-hearted people who support us and make it possible for us to carry out our activities.

Iva and Chale then turn the financial donations they receive into joy and laughter of the children.

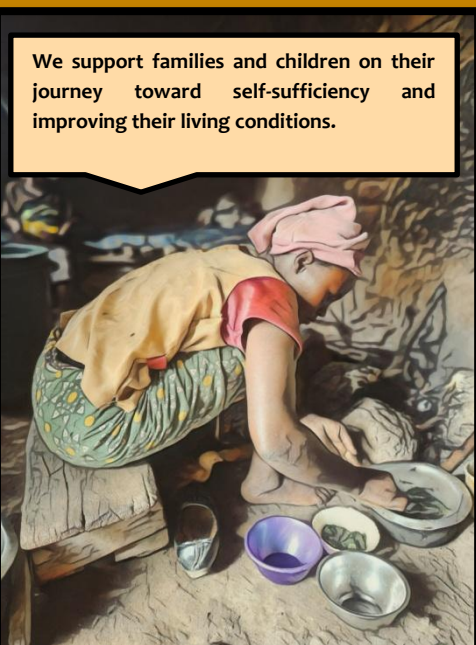

And also the local community helps us carry out our charitable projects.

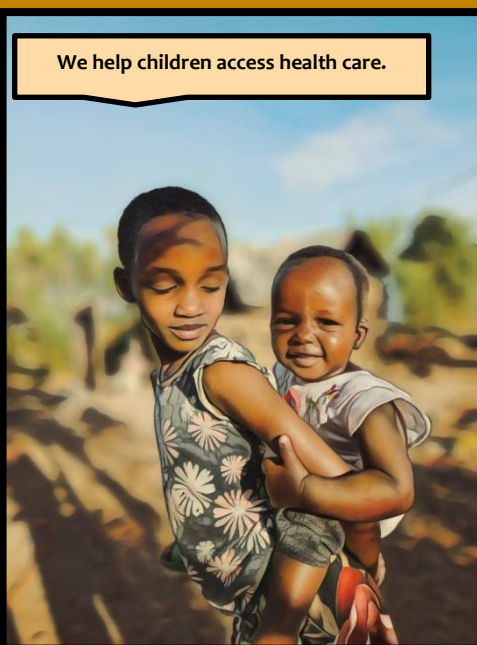

WHAT DO WE DO? We are working on several long-term projects and, at the same time, the goals of our work.

We provide material and food aid to children and families in need.
We provide nutritional support for the youngest children—LISHE.

We support families and children on their journey toward self-sufficiency and improving their living conditions.

We help children access health care.

We support schools, nurseries, pupils, and students.

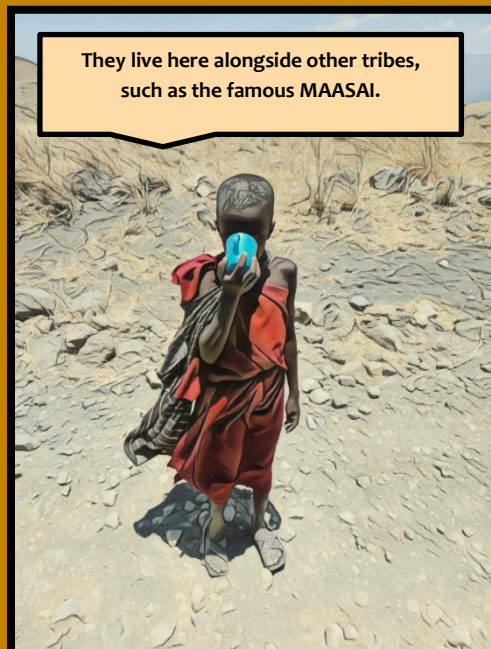

WHERE ARE WE LOCATED? At the foot of the world's tallest free-standing mountain and Africa's highest mountain, KILIMANJARO.

Long ago, the CHAGGA tribe settled here, and today its people make up the largest portion of the population living in this region.

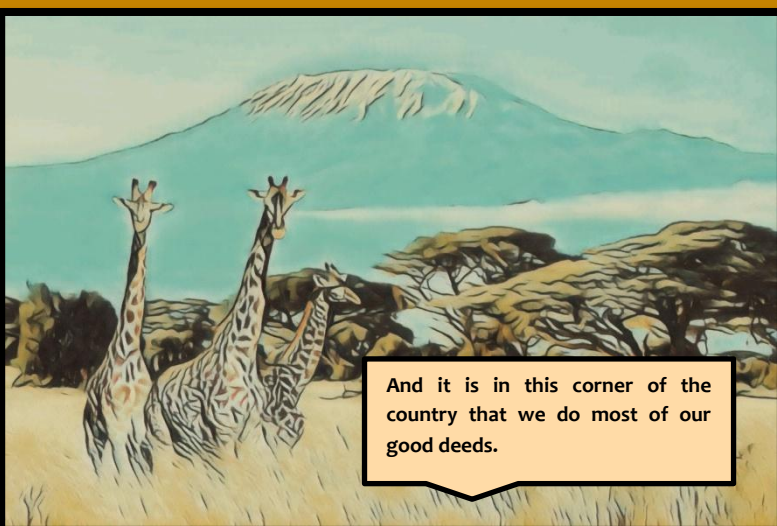

They live here alongside other tribes, such as the famous MAASAI.

We also cooperate with the nonprofit organization ZACYDO, which operates on the picturesque island of Zanzibar, part of Tanzania.

And it is in this corner of the country that we do most of our good deeds.

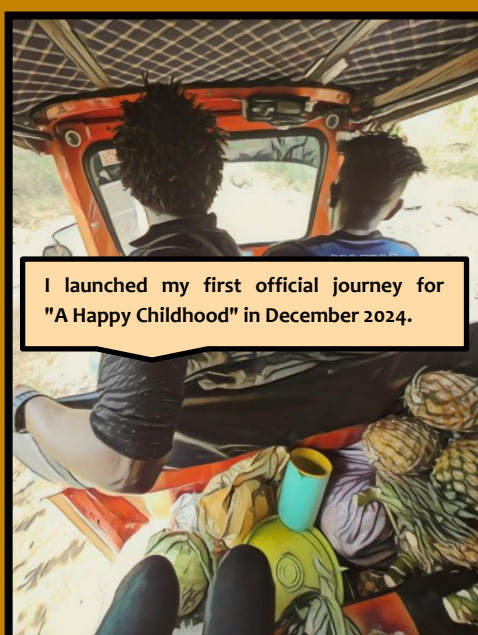

So, what good have we managed to accomplish in our first year? Let's briefly summarize it :).

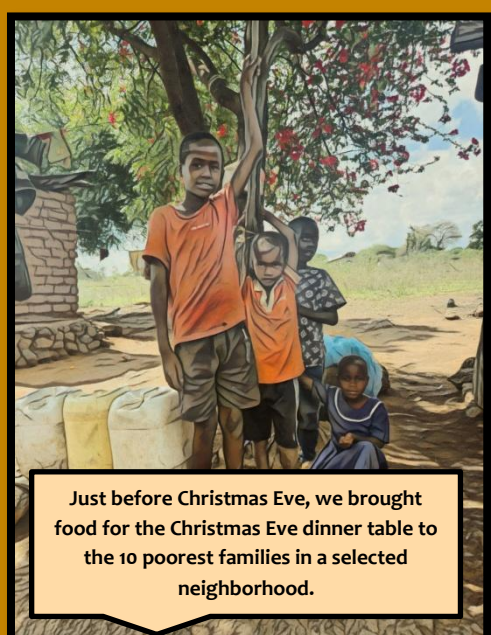

Between the organization's founding and the end of 2025, I managed to make three trips to Africa, during which my partner and right-hand man, Charlie, and I carried out several projects.

I launched my first official journey for "A Happy Childhood" in December 2024.

Just before Christmas Eve, we brought food for the Christmas Eve dinner table to the 10 poorest families in a selected neighborhood.

On Christmas Eve 2024, we brought lunch and drinks to 15 homeless adults and children.

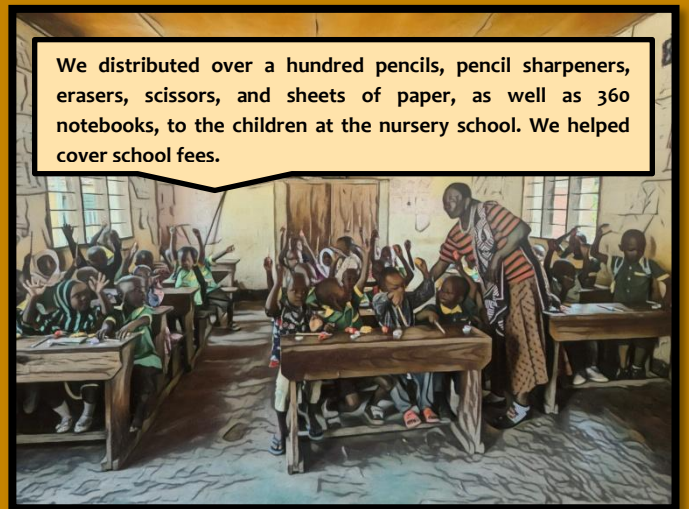

And it was the best Christmas gift for us.

In total, during the past year, we had 13 school uniforms made.

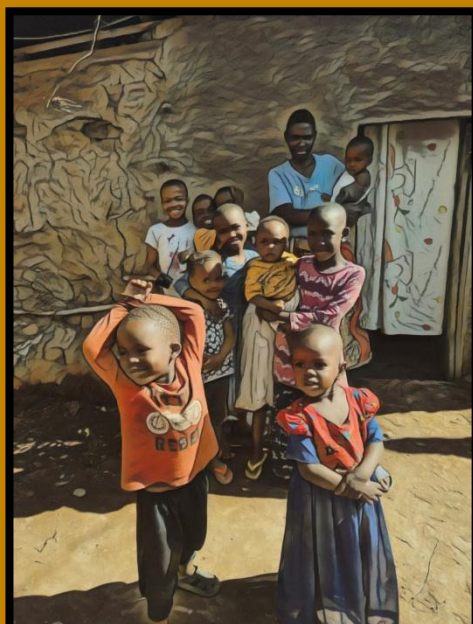

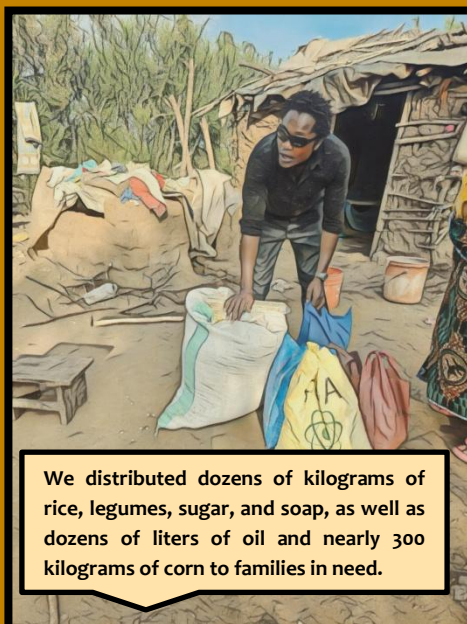

We distributed over a hundred pencils, pencil sharpeners, erasers, scissors, and sheets of paper, as well as 360 notebooks, to the children at the nursery school. We helped cover school fees.

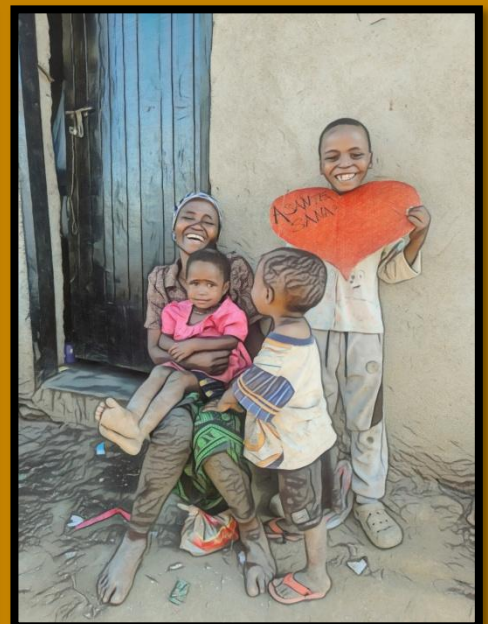

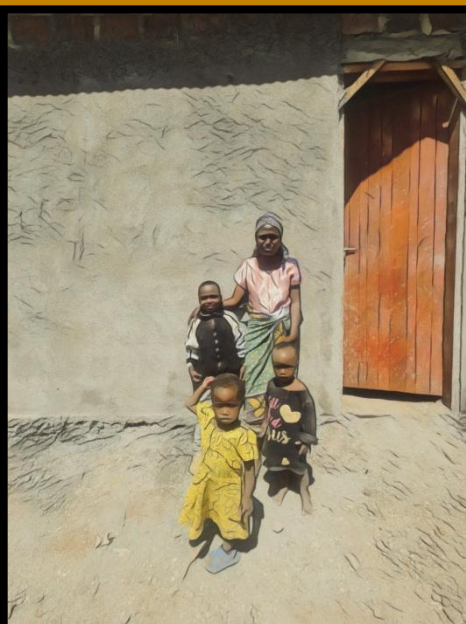

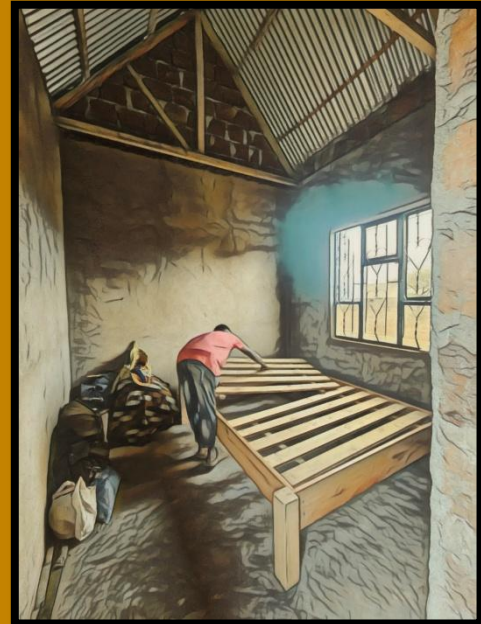

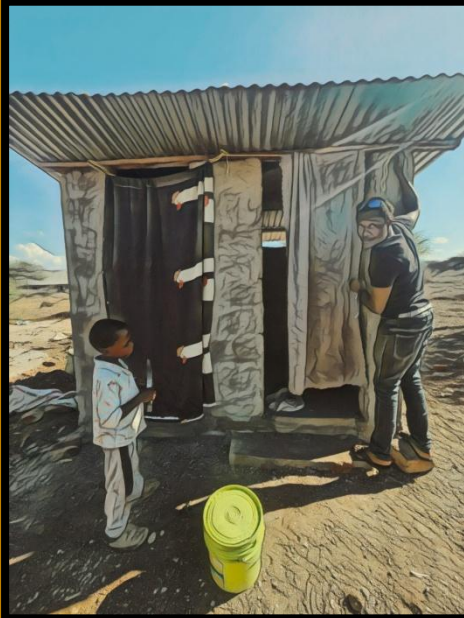

We handed out secondhand clothes and shoes.

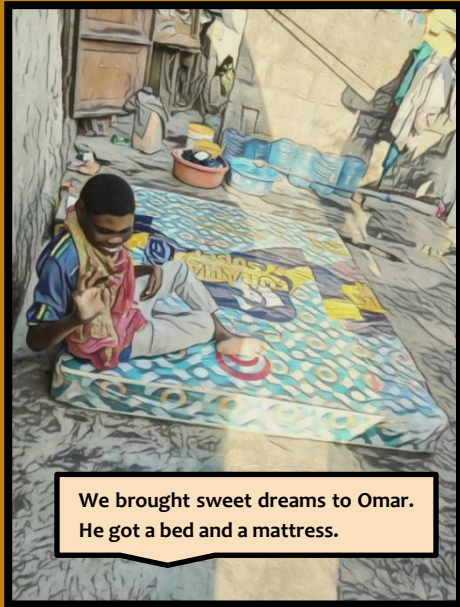

We distributed dozens of kilograms of rice, legumes, sugar, and soap, as well as dozens of liters of oil and nearly 300 kilograms of corn to families in need.

We built a new home for Mariamu and her children.

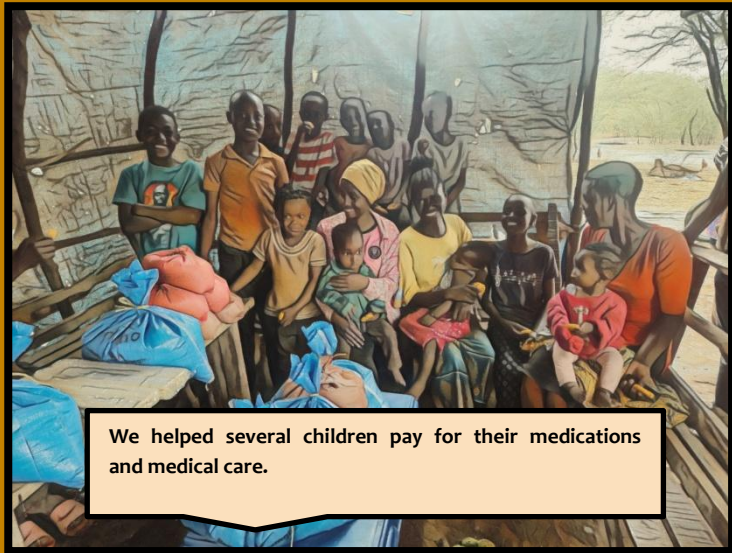

We brought sweet dreams to Omar. He got a bed and a mattress.

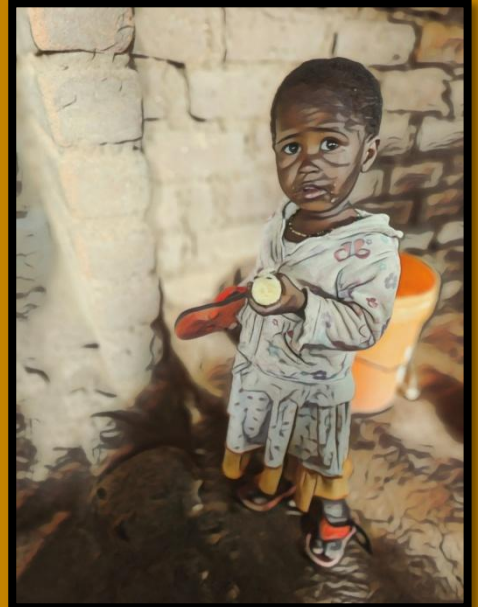

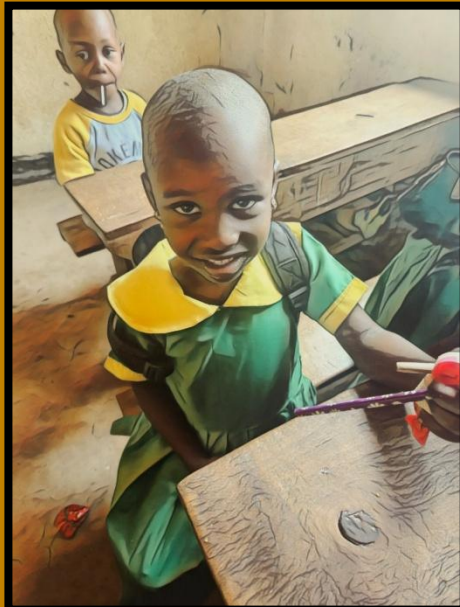

We bought Mundhir a wheelchair.

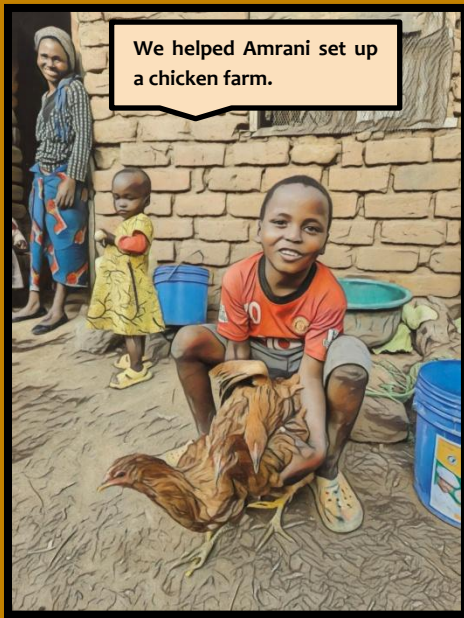

Thanks to the walker, Nairat is able to stand on her own two feet.

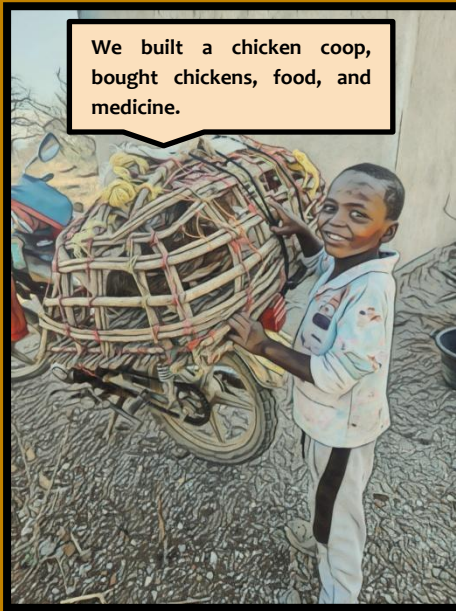

We helped several children pay for their medications and medical care.

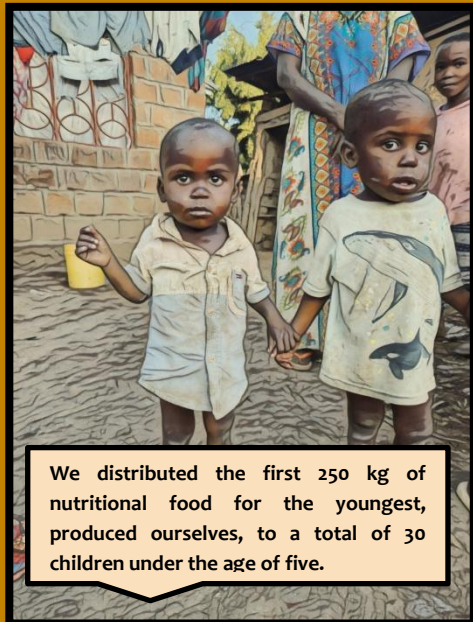

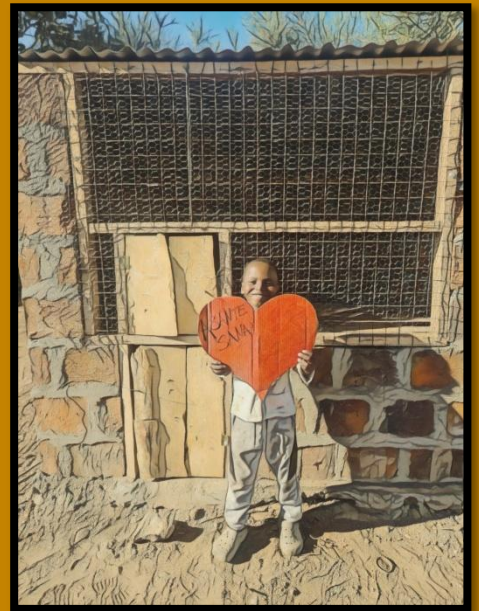

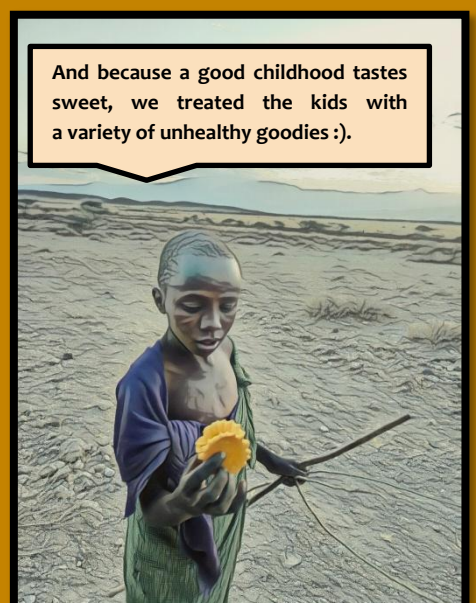

We helped Amrani set up a chicken farm.

We built a chicken coop, bought chickens, food, and medicine.

We distributed the first 250 kg of nutritional food for the youngest, produced ourselves, to a total of 30 children under the age of five.

And because a good childhood tastes sweet, we treated the kids with a variety of unhealthy goodies :).

From November 2024 through the end of 2025, we received
a total of

237,431.99 CZK from our generous donors.

Last year, we spent a total of
108,003.9 CZK on charitable projects.

All funds raised go directly to the children, their families, and
schools.

We cover the organization's operating costs out of our own
pockets.

Thank you to everyone who helps us make children's world
a happier place :).
